三、主题写作——野生动物保护

由于海水污染严重以及渔民非法捕捞，很多海洋生物濒临灭绝。为拯救海洋生物，联合国将6月8日定为世界海洋日（World Oceans Day）。请你据此写一篇博客呼吁大家共同努力，减少人类活动对海洋造成的破坏。

As we all know, many species of the plants and animals in the oceans are decreasing greatly because of the damage caused by human beings. For example, many factories poured their waste and dirty water into the oceans, which polluted the oceans terribly. Worse still, many people hunt the animals in the oceans illegally, making them in danger of dying out.

In order to save these animals and plants in the oceans, the United Nations has made June. 8th World Oceans Day. It calls on the people all over the world to unite together to protect the animals and plants in the oceans.

In my opinion, we should make every effort to protect the ocean. And only in this way can people get benefit from the oceans as much as possible.
